row, and her decision gave much sor-
row to members of the church and par-
ticularly to the people who are near-
by. Miss Angell feels that twenty
years is long enough for a single pasto-
rate, and while she likes the church, the
people and the town, she feels that it is
better to withdraw, and her resignation
will take place May 1. She does not
plan to give up the ministry but will be

THE NORWAY ADVERTISER

(OXFORD COUNTY, ME.)

Conductor Wilson Injured.

Wednesday of last week, conductor
Herman E. Wilson of the Norway Branch
train was severely injured in the Norway
yard. The train came from South Paris,
consisting of engine, several freight cars
and passenger car. As is customary,
the train crew undertook to shunt the
passenger car to the station and place
the freight cars on the sidetrack. Con-
ductor Wilson was on the passenger
car. Throwing over the coupling, it did
not clear the freight car coupling, and
Wilson leaned from the steps to pull the
pin releasing the knuckle of the freight
coupling. He struck a switch target
near the bridge, which knocked him to
the ground.
In falling, he suffered considerable in-
jury to his knee, and though he man-
aged to continue his work Wednesday, he
has since been confined to his home and
will probably not get to work again un-
til next week. His place on the Branch
is supplied by William Smith of Island
Fond.

Pastor Fickett to Leave Us.

Last Sunday closed the fourth year
of the pastorate of Rev. F. F. Fickett of
Norway Methodist church. Mr. and Mrs.
Fickett are attending conference at Rum-
ford Falls this week, and will then re-
turn to pack to their household goods and
remove to East North Yarmouth.
Mr. Fickett is to request that he be put
upon the supernumerary list for a year,
as his health and that of his wife will
not permit his taking a regular pasto-
rate.

In the four years the church has taken
a long step forward, and in every depart-
ment the work has been most successful.
Without special meetings, and as the re-
sult of the ordinary efforts for the church
there have been 188 persons go forward
to the altar for prayer, there have been
100 probationers, 55 baptisms of adults,
and 62 have united with the church in full
membership. There is a home depart-
ment of the Sunday school numbering
120, one of the largest home departments
in the county, and the cradle roll numbers
60. The church has cleaned off a debt
of \$800, and \$200 has been expended in
improvements. All current expenses
are paid and there has been a recent ad-
dition of \$200 in books to the Sunday
school library.
Pastor Fickett, without abating in any
degree loyalty to his church, has de-
cided to leave the church, and has been
united with the other clergymen hearti-
ly in all their efforts for the good of the
community, and has been a power for
good in our midst. Both Mr. and Mrs.
Fickett are beloved by their own church
and have a wide circle of friends outside
their own lives.

are making the alterations in the store
soon to be occupied by the Smiley Shoe

will run on the early eastbound and late
westbound trains, puncting on the prin-
cipal offices and R. P. O. connections.

will thus be superseded.

yards are more than a thousand cords of
dowed logs.

school club will give a supper at the
Universalist circle, Wednesday evening,

which he began last fall on the house on

thoroughly rebuilt the house, adding a
piazza and a new kitchen, and has
a seven-room house. He will sell it.

At the men's circle to be held this
evening at the Congregational church,
in addition to the usual abundant sup-
per, the entertainment will be readings
and music. The reader will be Ella
Louise Hill of Bridgton who gave such
thorough satisfaction at the benefit con-
cert of the Home for aged women, Clau-
dine Maloney who has sung at several
concerts in Norway, delighting the lis-
teners. Mr. and Mrs. Verne M. Whit-
man, both popular and excellent sing-
ers, and F. E. Tower who sings in a
large Boston church and is very fine.

soon to move to Washington, D. C.,
where he is to continue his work in the
government employ as topographical
engineer. Mr. Grover is a Bethel boy,
son of the late Daniel B. Grover, who is
well remembered as one of our most

years. He leaves a pleasant home in
Orono which he has built up recently.
He will move by July 1st.

of manufacturing operations, he hauled
from High to Paradise street. The two

mile, and all done with six horses on
cedar shoes.

BUCKFIELD.
A Little Too Fishy.

have recently visited Mrs. McKenize's
son, Robert Tyler. In a few moments
of conversation, while he was waiting for
the train, it developed that we were both
citizens of Minneapolis, Minn., when the
course of the water changed and flowed
under instead of over the fall. We trav-
eled the line rock as smooth and dry
as a house floor. Trees, hay and straw
were hauled in large quantities and sunk
to disappear with no effect. Sending to
Lewiston for engineers, an apron of tim-
ber was constructed in front of the fall,
when the water resumed its natural
course. Later a fisher came, sweeping
a temporary bridge away while some
men were upon it, taking some along.

Doan's Kidney Pills

Cure every kidney ill from Common backache to diabetes.

Mr. Joseph Clewley, of 47 Church street, bookkeeper for J. E. Knox & Co., Lynn, Mass., manufacturers of dies and cutting tools, says: "I used several prescriptions from physicians, trying to get relief from attacks of backache. The pain was in the region of the kidneys, and the medicine seemed to relieve me for the time being, but it always returned. If I took cold it was always worse, and at such times I was downright sick. I had a severe attack and used Doan's Kidney Pills. The first box relieved me a great deal. Continuing the treatment a short time longer I was entirely cured, and I have had no return of the complaint."

My Flowers.

My light and sunny window,
Full of plants and flowers,
This long and dreary winter
Has helped beguile the hours.
When the snow lay deep
And the wind was high,
My lovely fairy blossoms
Were rescued ever nigh.
Reminders of the summer,
Of birds and honey bees,
Of swinging in the hammock
Beneath the shady trees.
In my sketch-book I have drawn them
When for diversion's sake
I've written away the hours
Which I for pastime take.
They are an inspiration,
And lift our heart above;
Insensibly we're drawn to them
Whose thought of us is love.
And thus we learn to love them
As the gift of life and joy;
We lift our heart in gratitude
And feel his presence nigh.
The flowers now are sleeping
Under the ice and snow,
But when 'Notus' takes his pipe
And into life they blow,
They'll listen to the music
In their bed so soft and low,
They will whisper to each other:
"He is wooing us we know."
Then upward they will peep,
"Hyperion they will meet,
With gladness and delight
They will hasten him to greet.
He will gather up his sunbeams
Thro' the bright and sunny hours,
And scatter them profusely
On the lovely, fragrant flowers.
They will clothe our state in beauty
From hill to shadowy vale,
They will blossom in the meadow
And by the singing brook.
I sometimes sigh for better clime,
Yet why should I care to roam
When I have so much of brightness
Which is summer in my home?"

March, 1904. **JOSEPHINE THOMAS.** "Sun-god."

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength. Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right!

BLUE AND DISHEARTENED. And Not Without Very Good Cause.

It All Resulted From Weak Kidneys and Torpid Liver.

The Vast Importance of Those Organs If You Want to Feel Well.

If your stomach, kidneys and liver don't do their work well, you will surely suffer. Inaction, or disease of those organs, clogs the whole system and makes bad blood and weak nerves. The complexion soon becomes pale or sallow, and dark lines appear under the eyes. Other symptoms are sure to follow, such as bad taste in the mouth, gas in the stomach, loss of appetite, biliousness, constipation, sleeplessness, headache, palpitation, nervousness and exhaustion.

Every one of these conditions leads to serious disease if not checked. Mr. John Moore Hale is one of the oldest Locomotive Engineers in the United States. He was born in Woburn, Mass., in 1843 and is at present residing at 230 W. 7th St., St. Paul, Minn. He says—

"I was taken with La Grippe and Sciatica. I had the best doctors, but without much relief. A friend of mine, who was also an engineer, recommended Dr. Greene's Nervura blood and nerve remedy, and I dropped the doctors and bought a bottle of Nervura. Before it was on the road, and I took three bottles and today I am a well man. I struck it."

"Dr. Greene's Nervura blood and nerve remedy has made my burden lighter, by building up my run down system. The ailment of greatest hindrance to me was kidney trouble, which, as those who suffer from it know, absolutely unfit a man for business, especially if he is of a nervous temperament. Dr. Greene's Nervura has built me up so that I can safely pronounce it the superior of any proprietary medicine I ever used. I recommend it to all."

This remedy is the surest cure ever known. Dr. Greene's Nervura blood and nerve remedy is the discovery of Dr. Greene, of 34 Temple Place, Boston, Mass., the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter.

When the late Elizabeth Tubbs died, a young man, a stranger to that family, was told of the funeral to be at the residence of the late Augustus Tubbs.
